SINGLE BOTTOM MB PLOUGH

SALIENT FEATURES

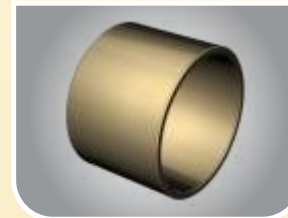

CAT-II Hitch geometry
CAT-II hitch geometry 24". This GreenSystem unique feature is effective in draft sensing.

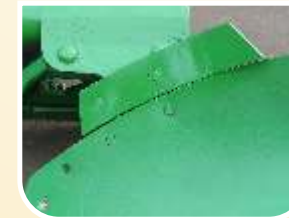

Modular Assembly
Lesser maintenance cost due to easy replacement of parts.

Frog Assembly
Helps to replace worn out components easily and acts as support for all ground engaging tools.

Gun Metal Bush with 100mm Main shaft
Increases reliability and durability

Trash Board
Helps to divert the top soil over existing furrow, maintain the level of soil surface and avoid soil back filling.

Heavy duty mainframe
Provides higher durability and reliability to withstand the high impact of load.
